

## Sholing Infant School

## Special Educational Needs Information Report

<b>Approved by:</b>	Lisa Houghton and governing body	<b>Date:</b> 29.9.21
<b>Last reviewed on:</b>	September 2020	
<b>Next review due by:</b>	September 2022	

'Disabled pupils and those who have special educational needs are making rapid progress and their achievement is outstanding. They receive appropriate support and work in class is well matched to their needs.'

Ofsted Inspection 2014

## **Vision, Values and Aims**

- All children should be valued regardless of their abilities, needs and behaviours.
- All children are entitled to a broad, balanced and holistic curriculum which is matched to meet each individual's learning needs.
- All teachers are teachers of children with Special Educational Needs and Disabilities (SEND).
- All children can learn and make progress at their level.
- All children should be challenged to achieve their full potential, using our best endeavours to secure special educational provision for pupils for whom this is required which is "additional to and different from" that provided within the differentiated curriculum
- We respond to the four broad areas of need which are 1. Communication and interaction, 2. Cognition and learning, 3. Social, mental and emotional health, and 4. Sensory/physical.
- We request, monitor and respond to parent/carers' and pupils' views in order to evidence high levels of confidence and partnership.
- We ensure a high level of staff expertise to meet pupil need, through well-targeted continuing professional development.
- We support pupils with medical conditions to achieve full inclusion in all school activities by ensuring consultation with health and social care professionals as well as parents in order to meet the medical needs of pupils.
- We work in cooperative and productive partnership with the Local Authority and other outside agencies, to ensure there is a multi-professional approach to meeting the needs of all vulnerable learners.

## **We Believe in:**

- Effective provision and assessment for children with SEND.
- Developing pupils' self-esteem, confidence and independence in preparation for the future.
- Valuing all pupils, to make them feel fully included in school.
- Setting small manageable targets for children to work towards, regularly reviewing these and setting new ones when they have been achieved.
- Support all children to be included with daily school life, including children with medical needs.
- Developing children's resilience, reflectivity, aspiration, curiosity, independence and creativity through their broad and balance curriculum.
- Working with external agencies to ensure children access specialised support when needed.
- Providing children with a foundation for all future learning and life skills.

## **What are special educational needs (SEN) or a disability?**

At our school we use the definition for SEN and for disability from the SEND Code of Practice (2014). This states:

*A child or young person has special educational needs if he or she has a learning difficulty or disability which calls for special educational provision to be made for him or her.*

*A learning difficulty or disability is a **significantly greater difficulty in learning than the majority of others of the same age.***

*Special educational provision means **educational or training provision that is additional to, or different from,** that made generally for others of the same age in a mainstream setting in England.*

***Disability:*** *Many children and young people who have SEN may have a disability under the Equality Act 2010 – that is ‘...**a physical or mental impairment which has a long-term and substantial adverse effect on their ability to carry out normal day-to-day activities**’. This definition includes sensory impairments such as those affecting sight or hearing, and long-term health conditions such as asthma, diabetes, epilepsy, and cancer.*

### **Graduated Response:**

Our Graduated response explains clearly the level of support that is available to all children in school. At each level of the graduated response different interventions are provided, however it is expected that the support on offer in the previous level would continue to be provided for the child. Once the child is receiving all the support from stage 1-3 then we would hold a co-production meeting with parents to discuss adding the child to the SEND register. By this point parents or carers would already know their child is receiving interventions in school, this would have been discussed at parents evening, as well as provision resources or suggestions that could be used to support the child at home.

If once on the SEND register the child continues to need a high level of intervention and little progress is seen then we (the parents, child and school) may consider to complete an EHC plan request for assessment, moving the child from stage 4 to stage 5. This would only be the case for a small handful of children, as usually once on the SEND register, with the high level of support children make good progress.

Please see the graduated response to SEND at Sholing Infant School below

# A Graduated Approach to SEND at Sholing Infant School

## Stage 5

Provision over and above what would be expected at universal and targets support levels because the pupils needs are exceptional, severe, complex and long term

Interventions identified through EHCP provision  
 Health care provision  
 OT and Physio  
 Total communication and...

## Stage 4

Targets intensive additional support (on the SEND register)

Meeting with parents when reviewing targets and setting new targets—parents evenings

NHS speech and Language  
 Social Skills interventions  
 Attention Autism  
 Mental health therapies  
 SALSA  
 Behaviour response planning  
 differentiated behaviour reward systems  
 EP/ SAOS  
 Sensory circuits  
 and...

## Stage 4

Co-production meeting and added to SEND register

ELSA including play bunch and lunch bunch HLTA delivered speech and language interventions.

## Stage 3

Targeted additional support (added onto SEND register at the end of stage 3)

## Stage 3

Phonics boost  
 BLAST wave 2  
 intervention  
 Fisher Family Trust Reading  
 Narrative group  
 Fine motor  
 and...

## Stage 2

Afternoon interventions for accelerated progress in reading writing maths and phonics

## Stage 1

Universal provision

## Stage 1

Resources to be used in class, talking tins, pencil grips etc. TEACCH trays

Small group work  
 Scribing and annotation  
 Pre-teaching  
 and...

Provision at Sholing Infant School

Question	What is available for all children (stage 1)	What is available for some children (stage 2, 3 and 4)	What is available for individual children (stage 5)
<p>How do we support children with SEND?</p>	<p>All pupils will be provided with high quality teaching that is differentiated to meet the needs of all learners. The quality of classroom teaching provided to pupils is monitored through a number of processes that include:</p> <ol style="list-style-type: none"> <li>1. classroom observation by the senior leadership team, the SENCo, governors and external agencies</li> <li>2. Ongoing assessment of progress made by pupils with SEND,</li> <li>3. Work sampling and scrutiny of planning to ensure effective matching of work to pupil need,</li> <li>4. Teacher meetings with the SENCo to provide advice and guidance on meeting the needs of pupils with SEND,</li> <li>5. Pupil and parent feedback on the quality and effectiveness of interventions provided,</li> <li>6. Attendance and behaviour monitoring and phone calls to pupils falling below 96% in their attendance.</li> </ol> <p>The school regularly monitors your child's progress and attainment. Targets are reviewed termly and if a</p>	<p>Children and young people with SEN have different needs, but the general presumption is that all children with SEN but without an Education, Health and Care Plan (EHCP) are welcome to apply for a place at our school, in line with the school admissions policy. If a place is available, we will undertake to use our best endeavours, in partnership with parents, to make the provision required to meet the SEN of pupils at this school.</p> <p>Assessment for learning is used to support planning for different levels of attainment.</p> <p>Small groups may be supported by either the class teachers or Teaching Assistants as appropriate.</p> <p>Half termly drop in sessions with the SENCo for parents of children with SEN</p> <p>Additional action to increase the rate of progress will be then identified and recorded to include a review of the impact of the differentiated teaching being provided to the child,</p>	<p>Learning tasks are highly differentiated to meet individual children's needs and interests.</p> <p>There is careful targeting of individual support for pupils with Education Health and Care Plans (EHCP), Individual Health Care Plan (IHCP) and Individual Behaviour Plans (IBPs).</p> <p>Interventions are put in place for pupils who are not making progress towards their targets. These may include additional support in groups, 1:1 support or support from external agencies, eg in implementing work plans.</p> <p>Interventions and provision stated within the EHCP will be provided in school by class teachers, TAs or HLTAs.</p> <p>For children with an EHCP, parents have the right to request a particular school and the local authority must comply with that preference and name the school or college in the EHC plan unless:</p>

	<p>pupil is not on track to meet their target an intervention will be put in place.</p> <p>Consistent routine with a visual timetable provided in all classes. There are parents' evenings each term with a yearly written report to parents.</p> <p>Pupils' attainment is tracked using the whole school tracking system and those children not making expected levels of progress are identified very quickly. These pupils are then discussed in termly progress meetings that are undertaken between the class/subject teacher and a member of the Senior Leadership team and if appropriate, the pupil themselves.</p> <p>These pupils will then receive a targeted intervention to support their learning and progress, moving them to stage 2 of the graduated response.</p>	<p>and if required, provision to the teacher of additional strategies to further support the success of the pupil.</p> <p>Where it is decided during early discussion that special educational provision is required to support increased rates of progress, parents will be invited to a co-production meeting to discuss their child, the interventions they receive and the additional support they require. Parents will be informed their child will be placed on the SEND register and Passport (IEP) targets will be provided to parents and children termly.</p> <p>Pupils will have a 'passport to learning' which will have up to three SMART (S-specific M- measureable A-attainable R-realistic T – time specific) targets on them.</p> <p>When targets are reviewed at the end of term by teachers and the SENCo this will be discussed with parents to gain their views on their child's progress.</p> <p>A provision map will be devised by the SENCO in conjunction with the class teacher, to identify the additional targeted support available to each child.</p>	<ul style="list-style-type: none"> <li>- It would be unsuitable for the age, ability, aptitude or SEN of the child or young person, or</li> <li>- The attendance of the child or young person there would be incompatible with the efficient education of others, or the efficient use of resources.</li> </ul> <p>Before making the decision to name our school in a child's EHCP, the local authority will send the governing body a copy of the EHCP and then consider their comments very carefully before a final decision on placement is made. In addition, the local authority must also seek the agreement of school where the draft EHCP sets out any provision to be delivered on their premises that have been secured through a direct payment (personal budget).</p> <p>Action relating to SEND support will follow an 'assess, plan, do and review' model. If progress rates are judged to be inadequate despite the delivery of high quality interventions, advice will always be sought from external agencies regarding strategies to best meet the specific needs of a pupil. This will only be undertaken after parent permission has been obtained and may include referral to:</p> <ol style="list-style-type: none"> <li>1. Local Authority Support Services</li> </ol>
--	---	--	--

			<p>2. Specialists in other schools e.g. teaching schools, special schools.  3. Social Services  4. Health partners such as School Nurse and Child &amp; Adolescent Mental Health Service</p> <p>N.B. For a very small percentage of pupils, whose needs are significant and complex and the SEND support required to meet their needs cannot reasonably be provided from within the school's own resources, a request will be made to the local authority to conduct an assessment of education, health and care needs. This may result in an Education, Health and Care (EHC) plan being provided.</p>
<p>How do we know if children need extra support?</p>	<p>Children and young people will have full access to a broad and balanced education through the National Curriculum and Religious Education.</p> <p>The National Curriculum will be differentiated to take account of each child's particular needs and will be modified to suit each child's academic and personal development.</p> <p>Whole school tracking of attainment outcomes indicates lack of expected rate of progress, despite support through interventions.</p>	<p>Observation of the pupil, in class and in the playground from the SENCo and at times the schools link Education Psychologist (EP) indicates that they have additional needs.</p> <p>The school identifies children with special educational needs in a number of ways, either through a professional diagnosis, or through the graduated response, once the child is needing stage 4 support.</p> <p>Children are assessed regularly and parents are always informed of any concerns regarding their children's progress. Parents will be informed if their child is added to the SEND register through a co-production</p>	<p>The school responds to any concerns around their child's learning and progress raised by parents.</p> <p>The Special Educational Needs Co-ordinator will strategically plan provision for all children on the SEND register.</p> <p>Referrals to external agencies will be made to provide extra support to school and home.</p> <p>Passports for learning are written by the class teacher and SENCo. Considering carefully the child's target in the EHCP. They are then shared with parents and the pupil. They are reviewed regularly by class</p>

		<p>meeting, and will have copies of their passport for learning sent home.</p>	<p>teachers and SENCo. Targets are then adjusted accordingly, as part of the 'assess, plan, do and review' process.</p> <p>For children with EHCPs or IHCPs teachers will ensure their bespoke curriculum allows them to work towards their specific targets, both in class and in interventions.</p> <p>Annual reviews will be held annually to assess progress on EHCP targets. Parents will be invited to attend, as well as the child for a section of it, along with the SENCo, class teacher and TA. School or parents can request an early annual review.</p>
<p>How will the curriculum be matched to the children's needs?</p>	<p>Teachers plan using pupils' achievement levels, differentiating tasks to ensure progress for every pupil in the classroom.</p> <p>Every class has a Teaching Assistant (TA) in the morning to assist the class teacher in ensuring learning needs are met. The year group share TAs across the year in the afternoon.</p> <p>Instructions are simplified and supported with visual and practical learning experiences. There is a focus on a creative curriculum, with subjects being taught through topics and real life contexts being used for learning.</p>	<p>The school has four Higher Level Teaching Assistants (HLTA). Each has a specific role in supporting children in school.</p> <p>One of our HLTAs is trained to developing pupil's speech, language and communication skills (with support from SALSA and a Speech Therapist).</p> <p>One of our HLTAs has specific expertise in supporting pupils with social emotional difficulties (ELSA).</p> <p>A structured individualised programme of work to develop cognitive, literacy and numeracy skills with plenty of opportunities for over learning and consolidation of concepts.</p>	<p>When a pupil has been identified as having special educational needs, the curriculum and the learning environment will be further adapted by the class teacher to reduce barriers to learning and enable them to access the curriculum more easily. Including personalised time tables, now and next boards, total communication strategies.</p> <p>These adaptations may include strategies suggested by the EHCP, Special Educational Needs Coordinator (SENCo) and/or external specialists.</p>

	<p>The school uses a variety of activities to develop problem solving skills and memory skills.</p>	<p>Children with SEND in school may also be supported by external agencies and parents are always consulted.</p> <p>The primary contact for these agencies is the SENCo although class teachers and Teaching Assistants are also involved.</p> <p>Regular daily opportunities to access small group work to develop independence and organisational skills which includes working on targets agreed with the child and rewards for achievement of targets. One TA also leads narrative workshops. These are aimed at supporting children's verbal communication through developing vocabulary and practising speaking in extended sentences.</p> <p>All staff have had specialist training on supporting pupils with autism. In recent years all staff have received training on how to support children with ADHD (Attention Deficit Hyperactivity Disorder) and Autism. With more training being provided this year.</p> <p>A number of staff are trained to deliver an intervention called Blast Wave 2. This intervention enables staff to support a variety of children with their range of vocabulary and speech as well as confidence.</p>	
--	---	---	--

		<p>A number of staff are trained to deliver sensory circuits, which is to support children predominantly with ADHD to be ready for learning. It is however used with a number of children without an ADHD diagnosis.</p>	
<p>How will pupils with medical needs be supported?</p>	<p>Sholing Infant School is an inclusive setting that welcomes all children regardless of their abilities. Reasonable adjustments are made to include all members of the school community.</p> <p>Pupils with medical needs will be provided with a detailed Care Plan, compiled in partnership with the school nurse and parents and if appropriate, the pupil themselves.</p> <p>For children with more complex medical needs the school will work in partnership with parents and the specialists the children are under to create a detailed IHCP. If necessary this along with other paperwork will be sent to a Mulit Agency Risk Panel meeting, where the CCG and local authority will decide on funding to support the children with complex medical needs in school.</p> <p>Staff who administer and supervise medications, will complete formal training.</p> <p>All medicine administration procedures adhere to the LA policy and Department of Education (DfE) guidelines included within Supporting pupils at school with</p>	<p>The school encourages extra-curricular clubs and sports activities to develop social and interactional skills with opportunities to work cooperatively with peers.</p> <p>The school prepares children for changes and provides support to manage unpredictable events.</p> <p>The school works with medical staff such as the school nurse, community nurses, OT, physios, POONS and parents to ensure the children are fully supported in school as well as to help educate children about their medicines where appropriate.</p> <p>Sholing Infant School will also explain to other children within the school about children's medical needs, if the child would like us to share. This will raise awareness for the medical condition and allow children to understand more about their peers.</p> <p>The school raises awareness for different disabilities and illnesses across the year through assemblies.</p>	<p>Sholing Infant School has an Emotional Literacy Support Assistant (ELSA) to provide one-to-one/small group support for children who need additional emotional support, especially after prolonged hospital stays, or a change to their care requirements.</p> <p>The SENCo liaises with external agencies to facilitate working with them to support children with disabilities and medical conditions.</p> <p>PEEPS (Personal Evacuation Plans) are in place for individual pupils requiring one.</p> <p>The school, alongside parents and the catering company will work to create menus for children with allergies.</p>

	<p>medical conditions (DfE) 2014 and identified in the School Medicine Administration Policy.</p> <p>All staff who complete any form of medical support with a child will be fully trained before doing so.</p>		
<p>How will parents be able to support their children whilst at Sholing Infant School, and how will school be able to support children with behaviour?</p>	<p>Please look at the school website. It can be found at <a href="http://www.sholinginfantschool.org.uk">www.sholinginfantschool.org.uk</a> and includes links to websites and resources that we have found useful in supporting parents to help their child learn at home. In addition, the termly newsletter includes a section that identifies local learning opportunities.</p> <p>The class/subject teacher or SENCo may also suggest additional ways of supporting your child's learning.</p> <p>The school organises a number of parent workshops during the year. These are advertised in the school newsletter and on our website and aim to provide useful opportunities for parents to learn more about how to support your child's learning.</p> <p>If you have ideas on support that you would like to have access to in order to further support your child's learning, please contact the SENCo who will locate information and guidance for you in this area.</p>	<p>The school offers a wide variety of pastoral support for pupils. This includes:</p> <p>An evaluated Personal, Social, Health and Economic (PHSE) curriculum including Relationships Education (RSE) that aims to provide pupils with the knowledge, understanding and skills they need to enhance their emotional and social knowledge and well-being. Please visit our website to see the topics that are included within this area of the curriculum.</p> <p>As a school we ensure all children have access to opportunities and experiences across their three years at Sholing Infant School as well as a curriculum enables children to develop socially, morally, spiritually and culturally.</p> <p>Pupil and Parent voice mechanisms are in place and are monitored for effectiveness by the Governor for responsibility for this area.</p> <p>Small group evidence-led interventions to support pupil's well-</p>	<p>We have an Emotional Literacy Support Assistant. ELSAs are Teaching Assistants (TAs) who have received additional training from educational psychologists on aspects of emotional literacy including emotional awareness, self-esteem, anger management, social and friendship skills, social communication difficulties, loss, bereavement and family break-up.</p> <p>Our ELSA can support pupils on a one-to-one basis when required and also works with parents to support at home.</p> <p>Our SENCO offers 'drop-ins' for parents of pupils with SEND.</p>

	<p>Sholing Infant School works hard with families to meet the needs of all pupils with their social, emotional and behavioural development.</p> <p>The school has a positive behaviour policy, with clear rewards and sanctions. Where necessary this has been adapted to meet the needs of children, parents can replicate this at home to support behaviour at home and provide consistency for the children. Class teachers will be able to provide parents with the behaviour chart.</p>	<p>being are delivered to targeted pupils and groups. These are identified on the provision maps and aim to support improved interaction skills, emotional resilience and well-being.</p> <p>Pupils who find outside class times difficult are provided with alternative small group opportunities within the school and action is taken to develop their social interaction skills.</p> <p>The school has gained Healthy School status which evidences the work undertaken within the school to supports pupils' well-being and mental health.</p>

Frequently asked Questions:

Question	Answer
<p>What is and where can I find the Local Offer?</p>	<p>The Local Offer sets out the support on offer in your local area (Southampton) for children with SEND. It has useful links for services within it. This poster created by DfE explains it well</p>  <p>The Local Offer is a document or website that shows all the services available for disabled children and young people.</p> <p>The local authority is responsible for making sure everyone can access it and must consult on what services should be included.</p> <p>The Local Offer has to be reviewed and the local authority must then ask young people and families what they like and what they want to change. The local authority must show how they are using this feedback to improve services in the local area.</p> <p>For more info talk to one of the impartial information, advice and support services. To find your local service visit <a href="http://www.councilfordisabledchildren.org.uk">www.councilfordisabledchildren.org.uk</a>. Talk to your family, teachers, tutors and support workers. Get in touch with your local authority. You can find their contact information on the GOV.UK website.</p> <p>It can be found on the Local Authority website at the following address:  <a href="https://sid.southampton.gov.uk/kb5/southampton/directory/localoffer.page#">https://sid.southampton.gov.uk/kb5/southampton/directory/localoffer.page#</a></p>
<p>How does the school know if children need extra help? What should I do if I think my child/young person may have special educational needs?</p>	<p>Sholing Infant School is committed to early identification of special educational needs. A range of evidence is collected through the usual assessment and monitoring arrangements: if this suggests that the learner is not making the expected progress, the teachers will decide whether additional and / or different provision is necessary (through stages 1-3 of the graduated response).</p> <p>If you are concerned you need to speak to your child’s class teacher as the first port of call, then contact the SENCo, at a drop in or via email (<a href="mailto:send@sholinginfantschool.org.uk">send@sholinginfantschool.org.uk</a>) or the head teacher (<a href="mailto:head@sholinginfantschool.org.uk">head@sholinginfantschool.org.uk</a>)</p>
<p>How will School staff support my child?</p>	<p>Your child’s class teacher and the SENCo will oversee and plan your child’s education programme. Depending on the intervention required your child may be working in a small group with support during literacy and/or mathematics. Sometimes a pupil requires support to access the curriculum or to manage his or her behaviour, a Teaching Assistant may support your child to be a successful member of the school community. It may be appropriate for your child to have one-to-one support with a speech, language and communication programme or support for reading. This will all be explained to you by your child’s class teacher.</p>
<p>How will the curriculum be matched to my child’s needs?</p>	<p>All teachers are teachers of children with SEND. All teachers plan to include everyone in their lessons and work is provided at the appropriate levels for children to access their learning and make good progress. Planning and quality of teaching are monitored rigorously by the Senior Leadership Team.</p>

<p>How will I know how my child is doing and how will you help me become involved in discussions to support my child's learning?</p>	<p>We have an open door policy at Sholing Infant School. There are termly parent evenings and you can ask for an appointment to speak with your child's class teacher or the SENCo at a mutually convenient time. You will receive a written report once a year and we will always ask to see you if we have concerns about your child's progress.</p> <p>If your child has an Education Health Care Plan (EHCP), an annual review is held according to the guidance in the Code of Practice.</p> <p>If your child has an IHCP we will constantly update it with changing medical needs, as and when required, we will also update at least annually.</p> <p>Children who have passports for learning will have their passports shared termly if not more frequently.</p>
<p>What support will there be for my child's overall well being?</p>	<p>At Sholing Infant School children have access to small group/ one-to-one support from an Emotional Literacy Support Assistant if required. There are close links with our partners in health, for example, the school nurse. The school is also able to refer to outside agencies where appropriate and work on Early Help Assessments with parental support to access any additional support.</p> <p>We have a well-planned PSHE and RHE curriculum that supports children developing skills and understanding of personal, social health and emotions. For children with more complex mental health issues we have a policy for the support of mental health and a graduated response for support of mental health and well-being. These can be found on the school website.</p>
<p>What specialist services and expertise are available at or accessed by Sholing Infant School?</p>	<p>We also link with other professionals such as Child and Adolescent Mental Health (CAMHS), Social Care, Educational Psychology, Occupational Therapy, Physiotherapy and Speech and Language Therapy, school nurses, other health professionals, Hearing Impaired teachers, Vision Impaired teachers, SAOS (Spring well Advisory Outreach Service).</p>
<p>What training have the staff supporting children and young people with SEND had?</p>	<p>In the last two years school staff have received a range of training at three levels; awareness, enhanced and specialist.</p> <p>Awareness training has been provided to all staff on:  How to support pupils on the autistic spectrum  How to support pupils with behavioural difficulties and ADHD  Specific medical conditions such as Epi pen training, asthma and Diabetic awareness training as well as epilepsy training. Some staff also have training on hydrocephalus and catheterisation, PICC line care and NG tube feeding.  How to support pupils with speech, language and communication difficulties</p> <p>Enhanced training has been provided to Higher Level Teaching Assistants (HLTA) and the SENCo.  Attendance at the regular SENCo / ELSA meetings  NASEN training for all staff  Local Authority run SENCo training attended by SEND governor as well</p> <p>Specialist training has been provided on:  The NHS Speech Language Therapist visits termly to assess and plan support for targeted pupils. These programmes are then delivered by a trained Teaching Assistant.  SENCo undertaken the national SENDCo accreditation.  The Governor with specific responsibility for SEN has completed the SEN Governor training.</p>

<p>How will my child be included in activities outside the classroom including school trips?</p>	<p>All pupils are included in school trips. If an individual risk assessment is required we will write this and share with parents in order to ensure that everyone is fully included. Parents may be invited on school trips to support their child.</p>
<p>How accessible is Sholing Infant School?</p>	<p>We make every reasonable adjustment possible.</p> <p>There are many facilities to support parents and children easily accessing school.</p> <p>Disabled parking spot marked and located next to the school reception.</p> <p>All steps edged with yellow to ensure they are easier for those with visual impairments to negotiate</p> <p>Ramps are around the school to ensure the site is accessible to all.</p> <p>One toilet has been adapted to ensure accessibility for visitors with a disability.</p> <p>We have a disabled access shower room.</p> <p>A medical room has been provided in order to enable a safe place for eczema cream application, and NG tube feeding</p> <p>One toilet has been adapted to ensure privacy for catheterising and stoma bag changing.</p>
<p>How will the Sholing Infant School prepare and support my child to join the school and then transfer to a new school?</p>	<p>When your child joins the school, you will be shown round by the head teacher or a member of leadership team. This will be a chance for you to ask any questions that you may have. There are visits to Pre-Schools in order to allow staff can liaise with the Pre-School staff about each child's individual needs. Year 2 staff and the SENCo liaise with the receiving schools. Extra transition visits are arranged as necessary. Additional meetings will be arranged to discuss a smooth transition of education and support for your child to junior school.</p> <p>On entry:</p> <ul style="list-style-type: none"> <li>• A planned introduction programme is delivered in the Summer term to support transfer for pupils starting school in September.</li> <li>• Parent/carers are invited to a meeting at the school and are provided with a range of information to support them in enabling their child to settle into the school routine.</li> <li>• The SENCo meets with all new parents of pupils who are known to have SEND to allow concerns to be raised and solutions to any perceived challenges to be located prior to entry.</li> <li>• If pupils are transferring from another setting, the previous school records will be requested immediately and a meeting set up with parents to identify and reduce any concerns.</li> </ul> <p>Transition to the next school:</p> <ul style="list-style-type: none"> <li>• The transition programme in place for pupils provides a number of opportunities for pupils and parents to meet staff in the new school. These opportunities are further enhanced for pupils with SEND and identified on the website.</li> <li>• Parents will be encouraged to consider options for the next phase of education and the school will involve outside agencies, as appropriate, to ensure information provided is comprehensive but accessible.</li> <li>• Accompanied visits to other providers may be arranged as appropriate.</li> <li>• For pupils transferring to local schools, the SENCos of both schools will meet to discuss the needs of pupils with SEND in order to ensure a smooth transition.</li> </ul>

	<ul style="list-style-type: none"> <li>• The records of pupils who leave the school mid-phase will be transferred within five working days of the parents notifying their child has been enrolled at another school.</li> </ul>
<p>How are the school's resources allocated and matched to children's special educational needs?</p>	<p>The DfE provides funding towards meeting the needs of children with SEND. This is worked out using the information about the children's prior attainment We allocate support according to need. Additional interventions are funded to support children's progress. If your child has an EHCP, we will ensure that the provision specified in the EHCP is provided.</p>
<p>How is the decision made about what type and how much support my child will receive?</p>	<p>Every term, the leadership team meets with each class teacher to discuss pupil progress. If there is a need for some extra support this will be agreed by everyone that needs to help your child.</p>
<p>Who can I contact for further information?</p>	<p>Your first point of contact if you want to discuss something about your child is your child's class teacher.</p> <p>Our Special Needs Coordinator is Jess Rice. She can be contacted at <a href="mailto:j.rice@sholinginfantschool.org.uk">j.rice@sholinginfantschool.org.uk</a></p> <p>You can contact any member of the school leadership team if you are still worried.</p> <p>If you would like to apply for Sholing Infant School please contact the school to arrange a visit.</p> <p>For complaints, please follow the school's complaints policy which is published on the school website, Support services for parents of pupils with SEN include: Information, Advice and Support Agency Network offers independent advice and support to parents and carers of all children and young people with SEND and will direct visitors to their nearest IAS service <a href="http://cyp.iassnetwork.org.uk/">http://cyp.iassnetwork.org.uk/</a> (Formerly known as Parent Partnership.)</p> <p>For parents who are unhappy with the Local Authority or school responses to their child's SEND, parents may seek mediation from the regional mediation services. Information on this free service is located here <a href="https://www.gov.uk/courts-tribunals/first-tier-tribunal-special-educational-needs-and-disability">https://www.gov.uk/courts-tribunals/first-tier-tribunal-special-educational-needs-and-disability</a></p> <p>Parents and carers can also appeal to the Government's SEND tribunal if you disagree with the Local Authorities decisions about your child's special educational needs. You can also appeal to the tribunal if the school or council has discriminated against your disabled child. Information on this process is available here <a href="https://www.gov.uk/courts-tribunals/first-tier-tribunal-special-educational-needs-and-disability">https://www.gov.uk/courts-tribunals/first-tier-tribunal-special-educational-needs-and-disability</a></p> <p>21) Information on where the Local Authority's Local Offer can be found. (Schedule 1: Point 11 and 13) Add the website link to the Local Authorities Local Offer and also to the information it provides to parents and carers on mediation and conflict resolution services.</p> <p>References The SEND Code of Practice (January 2015) The Code of Practice provides statutory guidance on duties, policies and procedures relating to Part 3 of the Children and Families Act 2014 and associated regulations <a href="http://preview.tinyurl.com/nenth62">http://preview.tinyurl.com/nenth62</a> Supporting pupils at school with medical conditions Sept 2014. <a href="http://preview.tinyurl.com/nrv8wxy">http://preview.tinyurl.com/nrv8wxy</a></p>

Glossary (A glossary of SEND terms is included in the appendices of the SEND Code of Practice <http://preview.tinyurl.com/nenth62> )

How do I know about my child's progress?

We monitor the progress of all children throughout the year. Although last academic year was different for all schools, the majority of our YR children on the SEND register made the same points progress as other children in their cohort.

It is expected that children will make 3 points progress across the year; Due to only completing two terms last year (COVID-19 closures) we would expect the children to have made around 2 points or steps of progress.

See the tables below for stepped progress of children on the SEND register academic year 2019-2020.

As you can see, all the children with SEND in reception made 2 points progress or better in all prime areas of the curriculum.

Year R	Writing	Reading	Number	SSM
Child A	3	3	2	3
Child B	2	3	3	3
Child C	3	2	2	3
Child D	3	3	3	3
Child E	3	4	3	2
Child F	3	3	3	3
Child G	2	3	2	2
Child H	3	2	2	3
Child I	4	3	3	4

As you can see, all children with SEND pupils in Year one made the expected 2 points progress or better.

Year 1	Writing	Reading	Maths
Child A	2	2	2
Child B	2	2	2.5
Child C	2	2	2
Child D	2	2	2
Child E	2	2	2
Child F	2	2	2

As you can see from the table below all children made the expected 5 points progress or better across Key Stage one. (Y1 and Y2)

Year 2	Writing	Reading	Maths
Child A	5	5	5.5
Child B	5	6	6
Child C	5	5	5
Child D	5	5	5
Child E	5	5	5
Child F	5	5	5
Child G	5	5	5
Child H	5	5	6
Child I	5	5	5
Child J	5	5	5
Child K	5	5	6

Despite another disrupted year with covid-19 last academic year 2020-2021 all children in all year groups met their Passport targets (IEP targets) in the autumn and summer term, with the exception of one child not meeting one target in the summer term. This shows the correct provision was in place to support progress.

### Frequently asked questions from a young person's point of view

How does Sholing Infant School know if I need extra help?	Your teachers track your progress and they will know if you need extra help.
What should I do if I think I need extra help?	You can talk to someone at home and they can talk to your teacher. You can also talk to your teacher or Teaching Assistant.
How will my work be organised to meet my individual needs?	Your teacher will give you work that will allow you to learn and make progress. They will make sure that it is not too easy and not too hard but it will make you think.
How will I be involved in planning for my needs and who will explain it and help me?	Your teacher will have a meeting with you to discuss how you are getting on. This is called a pupil conference. You will have your own <b>Passport</b> which will record your successes, support and targets. You will decide what is recorded on here along with your teachers and carers.
Who will tell me what I can do to help myself and be more independent?	All the staff at Sholing Infant School can help you to become independent.
What should I do if I am worried about something?	Talk to your teacher, Teaching Assistant, Mrs Harris (ELSA) or any other familiar adult in the school.

How will I know if I am doing as well as I should?	You will have a school report and your teacher will meet with someone from home to explain how you are doing.
How can I get help if I am worried about things other than my school work?	You can talk to any teacher or Teaching Assistant. You can also ask to speak with an Emotional Literacy Support Assistant (Mrs Harris)
Are there staff in school who have been trained to help young people who need extra help?	Our SENCo helps children with learning needs. Our Higher Level Teaching Assistants are qualified to support you with your emotions and behaviour or your speech and language
Can school staff get extra help from experts outside the school if they need to? (eg advice and training on medical conditions)	We work with lots of people who can support you too, for example, therapists, nurses and social workers.
If I have difficulty in taking part in school activities what different arrangements can be made? a. How will I know who can help me? b. Who can I talk to about getting involved in school activities if I need extra help?	You will be introduced to all staff that will be working with you so that they understand your needs.  You can talk to your class teacher or Teaching Assistant if you would like to be involved in school activities where you may need extra help.
What help is there to help me get ready to start at my school?	We will talk to your current school and your parents/carers. You are welcome to come and visit Sholing Infant School. We can give you a school prospectus and write you a social story if this would help you. A member of staff will give you a tour of the school once you have started.

### Concerns:

What should you do if you feel that the school's SEND information report is:

- **Either not being delivered or**
- **Is not meeting your child's needs**

You should contact your child's class teacher in the first instance and/or talk to our SENCo.

How is our information report reviewed?

- Our information report is reviewed in line with other school policies and procedures.
